The information shared is valuable for you to know, particularly since we are not able to meet with you in person!

WELL CHECK FOR STUDENTS

Every morning before bringing your student on campus, please do a "well check" to ensure your child(ren) are learning ready. If these symptoms are not explainable by a pre-existing condition or otherwise unexplainable, please do not send your child to school. We recognize that there are any number of other childhood conditions that typically children get, however, due to our present situation with this virus, we all need to be especially careful when sending our students to school.
