A special thank you to all of the parents and families who helped us out with the Olympics this month! The JA had an amazing time celebrating teamwork and school spirit. This is one of those special things that just can’t happen without volunteers like you!

Mileage Club could use your help! On Tuesdays and Thursdays each week, you will find students running laps during recess! It is a fun way to motivate students to get exercise...and the competition between classes is serious! We need parents at all campuses to scan student laps and cheer the kids on! If you are interested, please contact your campus coach.
4th-6th grade music now includes an energizing game of Poison Rhythm to test our skills with notation identification and clapping in response – class vs. Miss Smith! Syncopation, singing in solfege, and singing rounds and descants are also challenging us to become educated musicians.

In first grade music we are learning the difference between beat and rhythm and exploring tempo changes in music. In second grade music class students are learning the four major instrument families and how to identify which family a particular instrument belongs in. Third graders have started into the wonderful world of learning note names and playing recorders.

Our 4th Graders are getting ready to start an exciting new project! We’ll be weaving coasters for water bottles as we discuss Native American art forms. If you have any yarn that you would be willing to donate, we would greatly appreciate it! It can be left at the LA for Miss Harrell or the JA for Mrs. Galvin. Thanks in advance!
