AB 1505 AT A GLANCE
The original version of AB 1505 would have had devastating consequences for the most vulnerable students in our state. Advocates like you ensured that the most critical protections were maintained and that new provisions would be focused on our values of equity, quality, predictability and co-existence within our public education system.

What's Protected
- Charter schools that are closing the achievement gap are granted a streamlined renewal, with the ability to now be renewed up to seven years.
- Restoration of an appeals path to counties and the State Board of Education when a charter school renewal has been denied.
- Any consideration of the fiscal impact of a new charter school petition must be balanced with the academic needs of the students who are going to be served.
- A five-year transition exists for non-core charter school teachers to secure appropriate certification.

What's New
- Consideration of fiscal impact in a new charter school petition, though with the critical protection of balancing academic need.
- A 2-year moratorium on new non-classroom based schools. Additional conditions for existing nonclassroom based schools have been set by AB 1507.
- A three-tiered charter renewal process based on the California School Dashboard color indexes of “blue,” “green,” “yellow,” “orange,” and “red.”
- Certification by the Commission on Teacher Credentialing (CTC) for all non-core, non-college prep charter school teachers is now required, though with the critical protection of a five-year transition period.

SUNDAY CONCERTS FOR FAMILIES
EXPLORE THE WORLD OF MUSIC WITH YOUR FAMILY!

SUN OCT 20, 2PM
"THE COMPOSER IS DEAD" BY NATHANIEL STOOKEY
WITH TEXT BY LEMONY SNICKET
The composer is dead! Perhaps you can solve the crime. In this perplexing murder mystery, everyone seems to have a motive, everyone has an alibi, and nearly everyone is a musical instrument. Discover clues in the text by Lemony Snicket and the music of Nathaniel Stookey performed by the San Diego Symphony. Hear for yourself exactly what took place on this fateful, well-orchestrated evening!

SUN DEC 15, 2PM
NOEL NOEL
Let holiday cheer bring you and your loved ones near at our annual "Noel Noel" family concert. The sounds of old-fashioned and new-found festive music make the season bright and delight as audiences sing along with the guest choir. Decked with boughs of holly and sparkling lights, Copley Symphony Hall at Jacob's Music Center warmly welcomes you and the North Pole's most famous resident!

SUN FEB 9, 2PM
BEETHOVEN THE MUSIC GENIUS
Ludwig van Beethoven changed classical music forever — making it bigger, and bolder, and more outrageous than ever — all while losing his hearing! We'll share strange and wonderful facts about the life of this gifted and temperamental genius as you enjoy pieces of his most famous music played by the orchestra.

SUN APR 26, 2PM
GOLD RUSH: AN AMERICAN MUSICAL ADVENTURE
Gold has been discovered in California! Do you have what it takes to cross raging rivers, outwit nasty outlaws, and stare down wild buffalo? Join us on a musical journey across the United States as we search for symphonic gold!

HIGH SCHOOL AMBASSADORS
The San Diego Symphony’s High School Ambassadors program is a job-skills development opportunity that aims to assist in developing high school students ages 15 and up for future employment. The program consists of professional development workshops at the Jacobs Music Center, as well as job shadowing opportunities with the staff of the San Diego Symphony. Summer participants work as ambassadors for the San Diego Symphony at Bayside Summer Nights concerts every Friday, and serve as promotional ambassadors for the San Diego Symphony within the community.

Music

MUSIC is now part of the arts program at LFCS for grades 1-6!! Your students will be learning to read, write, and make music in their classrooms every other week. These classes are designed to lay a foundation for music literacy and performance skills.

Miss Smith: LA/JA, Grades 4-6
Mrs. Fratacci: PA/LA, Grades 1-3

Art:

We are starting the school year off with line. Students are learning how line is used to create art. In general, K-1 art is exploration based, 2-3 is learning the basic techniques used to make art, and grades 4-6 begin learning how to apply those techniques to their own art.

In 7th grade art we are reviewing all our elements of art and starting on a line design project. Students will be exploring a variety of lines as well as geometric and organic shapes. Then using hot and cold colors they will create a contrasting line design with their own handprint on it.

In 8th grade art we are reviewing all our elements of art and introducing the principles of design. Students are working on line design flowers using a zentangle design style. Students then will do a monochromatic painting behind their flower showing me the value they can make with one color of paint. We are excited to see how many different values they can make out of one color of paint and white.

Miss Harrell: PA/LA (K-5th), Mrs. Galvin: JA (4th-6th), Mrs. Rivera: JA (7th-8th)

Library:

PA/LA/JA library:
Students will begin checking out books during the month of September. Please be aware of your student’s library day. Also, if your student has not turned in his/her library permission form, a book will not be checked out. We are currently learning about library etiquette and book care.

If you are able to volunteer, please contact your campus Librarian!
