The Bulldog Bark!

PE Standards of the month

**Kindergarten (Kinder-1st):**
- Strike a stationary ball or balloon with the hands, arms, and feet.
- Kick a stationary object, using a simple kicking pattern.
- Explain the role of the eyes when striking objects with the hands, arms, and feet.

**1st Grade (2nd-3rd):**
- Kick a slowly rolling ball.
- Dribble a ball while preventing another person from stealing the ball.
- Foot-dribble, with control, a ball along the ground.
- Keep a foot dribbled ball away from a defensive partner.

**2nd Grade (4th-6th):**
- Keep a foot dribbled ball away from a defensive partner.
- Dribble a ball while preventing another person from stealing the ball.
- Discuss the role of the eyes when striking objects with the hands, arms, and feet.

**3rd Grade (7th-8th):**
- Demonstrate mature techniques for kicking/punting; striking; trapping; and dribbling by foot.
- Demonstrate basic offensive and defensive skills and strategies in team physical activities.
- Apply locomotor, nonlocomotor, and manipulative skills to team physical activities.

Health Tip of the month: Stay Hydrated!

Fact: If the human body consumes 16 oz. of water in a given hour, the metabolic rate will spike by as much as 30% for the next 30-40 minutes! Did you know that you should be drinking half your body weight in ounces of water a day? So, if you weigh 120 pounds, aim to drink 60 ounces a day, and even more if you are very active. By committing to drinking half your body weight in ounces of water each day, you can expect to lose 2 plus pounds within the first week alone. Adequate water intake will also: improve mental clarity, curb cravings, suppress appetite, lubricate and cushion achy joints, and help clear skin. Use the 10 gulp rule to help: Every time your lips touch the water bottle take 10 gulps. Works like a charm!
Across the grades we are focusing on reading for pleasure and what it takes to become a life-long reader.

Last week to check in library books and pay outstanding fines will be the week of 6/3-6/7

Music

In music, students are wrapping up their lessons for the school year with rhythm sticks, recorders, and group projects such as original rap songs. They are continuing to learn how to appreciate and critique different kinds of music.
